30% Roussanne

VINEYARDS DENNER
farming/soil sustainable/thin layer of topsoil over
limestone seabed

JAMES BERRY
organic, not certified/thin layer of top-
soil over limestone seabed

THE 2011 VINTAGE

2011 was a cooler than normal vintage with average rainfall. This was an exciting opportunity for us to work with cool climate fruit from our own backyard. Reduced yields lead to greater complexity, higher acidity and lower alcohols.

TASTING NOTES

The pale straw color and aromatics of white flowers, guava and honeydew, makes us wish summer would get here faster. Touting a medium body with subtle minerality, this wine is racy but not tart.
